this is a timely contribution to the debate on the rights and liberties of religion beliefs and conscience in an age of secularization

this book offers a comprehensive and clinically practical approach to ethics in the everyday practice of obstetrics and gynecology the topics the authors address include contraception abortion selective termination of multifetal pregnancies gynecologic cancer in vitro fertilization surrogacy prenatal diagnosis fetal therapy cephalocentesis prematurity hiv infection and court ordered cesarean delivery the issues involved in making decisions in many of these areas are a source of conflict and lead to crisis between the physician and patient one of the book s strengths is its emphasis on prevention and if prevention fails management of the conflicts and crises which arise in these areas of medicine the authors develop their preventative and management strategies on the basis of a framework for bioethics in the clinical setting this framework is rigorously established and defended the authors argue that four virtues self effacement self sacrifice compassion and integrity generate the physician s obligation to protect and promote the patient s interest they then identify the three types of patient s interests social role interests subjective interests and deliberative interests and they reinterpret the ethical principles of beneficence and respect for autonomy in terms of these the concept of the fetus as patient the physician s obligation to third parties and the moral standing of fathers and family members are also addressed the implications of their argument sets the stage for the discussions of prevention and management in the remaining sections of the book ethics in obstetrics and gynecology is a unique addition to the literature in both biomedical ethics and obstetrics and gynecology it demonstrates that ethics should be regarded as an essential part of obstetrics and gynecology and that clinical practice is incomplete without it

this book offers a comprehensive approach to moral experience it respects the many dimensions of our moral life which elude the traditional philosophical theories that deal exclusively with principles consequences virtues or some other single dimension working from a critique of such traditions the book shows how to integrate their values in a dynamic coherence thus it is not just another ethical theory but a new level of philosophizing in ethics which rewards the reader with an enlarged and enriched vision of our complexity as moral beings

a revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features

do you really know the meaning of something someone says have you ever really understood calculus how wide is a spiders web how can you make more money how do you find happiness in a series of short essays on author norman s pratts personal experiences pearls for the moment offers answers to these and other fascinating questions presented as an easy to read guide filled with valuable tidbits of basic knowledge and understanding about such topics as religion money science love and truth this guide serves as a convenient reference for those times when you need to learn about something you never knew or that you might have forgotten pearls for the

moment is a thought provoking practical text for use in analyzing your own personal philosophy for consistency and completeness learn how to recognize and understand the basis for your own thought process and how to react to the many little unexpected situations in everyday life this guide is not for wimps religious zealots the supercilious righteous or those of machiavellian leanings it is for just plain folks who strive for and appreciate the best things in life health security and happiness

the increased use of private military and security companies pmscs is often said to be one of the most significant changes to the military in recent times the morality of private war the challenge of private military and security companies provides a detailed assessment of the moral arguments for and against the use of pmscs in doing so it considers objections to private force at the employee employer and international levels for instance does the potential for private contractors to possess mercenary motives affect whether they can use military force does a state abdicate an essential responsibility when it employs pmscs is the use of pmscs morally preferable to the alternatives such as an all volunteer force and a conscripted army what are the effects of treating military services as a commodity for the governing rules of the international system overall the morality of private war argues that private military force leads to not only contingent moral problems stemming from the lack of effective regulation but also several deeper more fundamental problems that mean that public force should be preferred nevertheless it also argues that despite these problems pmscs can sometimes although rarely be morally permissibly used ultimately the morality of private war argues that the challenges posed by the use of pmscs mean that we need to reconsider how military force ought to be organized and to reform our thinking about the ethics of war and in particular just war theory

piderit explores the failures of mainstream economics and proposes an alternative grounded in natural law his assessment is grounded in the christian higher law tradition which assumes that objective standards known to human reason should govern society and individuals this book demonstrates both the reasonableness of a distinguished ethical tradition and its capacity to address a wide range of ethical issues economic as well as personal and social piderit emphasizes that natural law theory underlies the u s constitution and informs catholic protestant and jewish worship today

collection of essays by well known british and american philosophers on the moral principles by which public policies and political decisions should be judged does effective political action necessarily involve and justify actions which the individual would regard as unacceptable in private morality

life is full of tough decisions that must be made ethically and under the pressures of time this book places readers in realistic situation where they experience the difficulties of making tough medical decisions the cases are composites of actual cases the authors have seen or managed in the role of decision maker the reader helps to determine what happens in the case as his or her decision often shapes the course of events and the patient s outcome this gives a compelling sense of the pressures

that bear on clinical decision making the authors assume that the reader wants to do the right thing but faces the problem of determining what the right thing will be when information is necessarily incomplete and the future unknown ethical theory emerges as others involved in the case offer different views of what is right in a particular medical situation two concluding chapters discuss the major theories of medical ethics but there are no answers in the back of the book instead the book will familiarize readers with some of the ethical principles and issues critical to the practice of medicine to patients and their families

examines the moral questions of lying whether it is ever justifiable and the consequences of such lies both in public and private life
